BROCHURE OUR OFFERING

TOTAL SECURITY - FROM ONE SUPPLIER

Building on our core values *Precision* providing quality and reliability, *Responsibility* providing honesty and trust and *Development* which ensures the development of both customers and partners, we ensure all our customers the best security.

SECURINESS protects people, buildings and property, which gives the optimal security for you, your employees and your customers.

Right from the embassies, airports over nuclear power plants, banks, military sites, SECURINESS is unique in our ability to meet the complete solution - security from inside out with advice, installation, maintenance, and full after sales service.

We focus our expertise in several application areas or business areas. These are Embassy, Banking, Retail, Prison, Office of Public, Area and Perimeter and Transport & Logistics. In addition we offer the best service and after sale service.

We do not offer all possible security solutions available on the market, but the products and solutions we offer; we have a longstanding expertise and focus within.

Business area Embassy

The business area Embassy offers a range of innovative solutions to help embassies to improve their safety, protect their assets and manage their immunity.

SECURINESS

| Stenlandsvej 12 | 2300 København S | +45 45 80 33 22 | www.securiness.com
